**Bristol Bay Eastside Salmon Update # 03**

This is the Alaska Department of Fish and Game in King Salmon with an Update for Egegik and Ugashik District fishermen. The time of this announcement is **12:00 p.m.** and the date is **Friday, June 15, 2012.**

Catches in the commercial fishery are reported as slow. There has been a slight increase in catches over the past week, including some reports of Chinook salmon. It is the department's intent to take the weekend off in both districts to allow for Chinook escapement.

Escapement assessment projects are scheduled to deploy in Egegik this weekend and Ugashik next weekend.

Fishermen in both districts should stand by at 12:00 noon on Sunday June 17.

This has been the Alaska Dept. of Fish & Game in King Salmon.
